

Portable Toilet Do's & Don'ts

Do's

1. Provide clear access to unit.
2. Be available by phone or on site for your delivery.
3. Provide one business day notice for services.
4. Contact us when you move your unit to prevent a lapse in service.
5. Call in to Mr. John with any questions you have.
6. Know the 24/7 phone line in case of an afterhours emergency.
7. Work with sales rep to ensure you have the proper amount and type of toilets for your event/site.
8. Know where you want the unit(s) placed prior to delivery
9. Familiarize yourself and your delivery driver on placement to ensure full access of the unit and safety of the users.

Don'ts

- 1) Put any foreign objects into your unit. Especially fuel, oil, or trash.
- 2) Deface or graffiti units inside or out.
- 3) Block access to unit or lock unit without providing a key.
- 4) Don't expect the units to have lighting inside.
