

Ground Level Container Office

Tri-Boro Trailer's 8x20 Ground Level Container office fulfills customer space needs by providing an interior office finish, with all of the convenience and security features of a storage container.

Ground Level Offices are constructed of heavy-duty steel, yielding a maximum level of protection. Each unit offers convenient access without the need for steps, and the simple installation process requires minimal time for set up and tear down.

For construction, commercial, industrial, retail, or municipal use, these offices are a great solution for temporary office space.
